

## ARCSA's 200-Level Accredited Professional (AP) Workshop

Friday – Saturday, February 24–25, 2012; 8:30 a.m. – 5:00 p.m.

City of Seaside's Oldemeyer Center, 986 Hilby Avenue, Seaside, CA

\$375 before January 24, \$475 thereafter (an additional \$150 + ARCSEA membership is required to apply for accreditation).

Lunch is included.

This workshop is open to the public and any industry professional interested in pursuing greater understanding of rainwater harvesting. The workshop is required for those seeking ARCSEA Accredited Professional (AP) designation.

### This two-day workshop covers:

- an in-depth review of rainwater harvesting design and installation
- outdoor and in-home rainwater use and sanitation for potable uses
- rules, regulations, guidelines and restrictions
- project planning and business management
- site and installation safety
- system construction and maintenance

The course will follow the Texas A&M University "Rainwater Harvesting Planning" manual, which is included in the course fee.

This workshop is approved by the US Green Building Council for GBCI Continuing Education credits.

## FREE Public Seminar

Sunday, February 26, 2012; Noon to 4 p.m. Location TBA. FREE!
